

4 Night Combo Package

Valid 08 January 2020 – 19 December 2020

2 nights Lukimbi Safari Lodge & 2 nights Idube Game Reserve

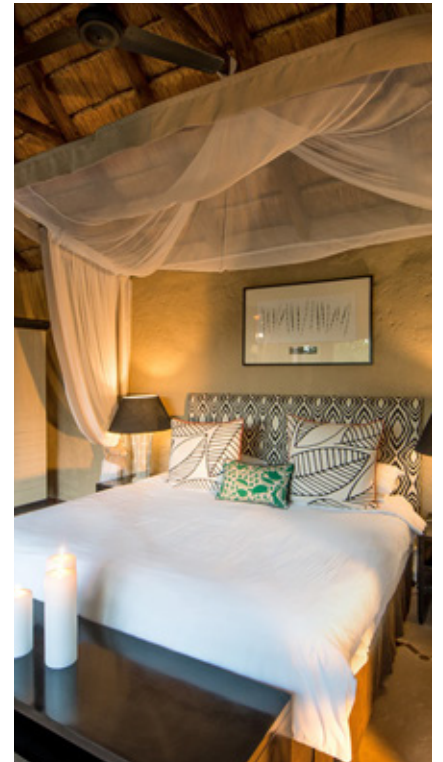

Ours is a private safari on an ancient land which remains immune to civilisation, and is home to an abundance of the earth's most treasured plant and animal species.

Lukimbi is one of only 7 private concessions within Kruger National Park, and at 15000 hectares is the largest. It is located in the southern section of the park, and is bounded by 3 major river systems. The concession offers a diverse array of habitats, including grasslands, wooded thickets, savannahs, drainage lines, dry river beds, rolling hills and lush riverine thickets. It stands to reason that a healthy abundance of wildlife – including the Big Five and a host of other animals big and small – finds home here.

As a private concession, Lukimbi's visitors are treated to the best of the national public reserve in a highly personalised way. No more than 32 guests at a time enjoy unlimited and exclusive sightings as vehicles are permitted to traverse off road in a highly controlled manner. The Sabi Sand Reserve is a 65,000 hectare reserve (of which we traverse 10 500), and it shares an unfenced boundary with the Kruger National Park.

Animals are habituated to the presence of vehicles, resulting in extraordinary close animal encounters and abundant sightings (particularly the cats, including the elusive leopard and prides of lions). The perennial Sand and Sabie Rivers, which run uninterrupted through the reserve, draw a plethora of wildlife from the Kruger National Park.

We have designed combination safari packages which give the best of both worlds – including the excitement of the high impact Sabi Sand safari where Big Five sightings are almost guaranteed to be ticked off the checklist, and the deeper more personal wilderness experience on the huge and unpopulated concession that is Lukimbi.
