

EASTER FAMILY SPOIL

Treat the family to a lifetime experience in the bush this Easter

It's quite extraordinary to watch families of every shape and size as they come together on safari. Reconnect with yourself and your loved ones as you tap into the restorative power of nature; share the excitement, adventure and discovery of being out in the African bush together. You'll make memories out here that will bond you together forever.

Our Kids' Programme commences after breakfast, giving parents the opportunity to enjoy a bush walk. A dedicated guide will take charge of the children's bush activities, which may include a specially planned game drive, nature walk, tracking, bird identification, a bush treasure hunt and spoor casting. Learning how to make a toothbrush from a Gwarrie Tree is an all-time favourite!

Easter Special
